PROFESSIONAL SUMMARY

Java Full Stack Developer with 3+ years of experience building secure REST APIs and Spring Boot microservices with React.js/Angular front ends for Banking and Healthcare clients. Strong in data persistence with JPA/Hibernate, AWS deployments, CI/CD automation, and Agile Scrum delivery. Uses AI coding tools such as GitHub Copilot and Claude Code to speed up development, testing, and code reviews. Winner (AIR 1), Smart India Hackathon 2023.

CORE TECHNICAL SKILLS

Languages: Java 8/11/17, JavaScript (ES6+), TypeScript, SQL

Backend: Spring Boot, Spring MVC, Spring Cloud, Spring Security, Spring Data JPA, Hibernate, Microservices, REST APIs, API Gateway, Eureka, JWT, OAuth2, Swagger

Frontend: React.js, Angular, HTML5, CSS3, Bootstrap, Thymeleaf

Database: MySQL, Oracle, PostgreSQL

Cloud & DevOps: AWS (EC2, S3, IAM, RDS), Docker, Jenkins, GitHub Actions, CI/CD

Testing & Practices: Unit Testing, Integration Testing, TDD, Design Patterns, OOP, Code Reviews, Agile/Scrum

Tools: Git, Maven, Postman, JIRA, IntelliJ IDEA, Eclipse, VS Code

AI-Assisted Development: GitHub Copilot, Claude Code, Cursor, Prompt Engineering, LLM API Integration

PROFESSIONAL

Pentagram Infotech Pvt. Ltd.

May 2023 – Present

Software Developer

BCPS — Banking Corporate Payment System (Client: Barclays)

Tech: Java 8, Spring Boot, Microservices, JPA/Hibernate, REST APIs, React.js, Angular, TypeScript, MySQL, AWS, Maven, Tomcat

- Built Spring Boot microservices for core banking: deposits, withdrawals, bill payments, demand drafts, and appointment scheduling.
- Designed and implemented **scalable secure REST APIs** for transaction processing and customer account management, following secure coding standards to protect financial data.
- Developed responsive customer self-service interfaces using **React.js, Angular, TypeScript, and JavaScript (ES6+)**.
- Integrated **MySQL** with **Spring Data JPA** and **Hibernate** for transaction management in high-volume banking operations.
- Improved release stability through unit testing, code reviews, and defect resolution; automated build, versioning, and deployment using Maven, Git, AWS, and Tomcat in an Agile Scrum team.

T2eorem — Banking Trading & Audit Management System

Tech: Java 8, Spring Boot, Spring Cloud, Microservices, Hibernate, React.js, Angular, Oracle, Thymeleaf, Jenkins, JIRA

- Designed and delivered a **Hexagonal Architecture-based microservices** platform to manage share transactions, audit trails, and user provisioning, improving scalability and maintainability.
- Built secure **REST APIs** for share-transaction processing, audit management, and profit/loss tracking, with Oracle persistence via **Spring Data JPA** and **Hibernate**.
- Developed UI modules with **React.js, Angular, and Thymeleaf** for workflow visualization and automated email notifications.
- Set up CI/CD with Maven, Git, and Jenkins, and tracked builds and releases in JIRA.

DaVita FALCON — Electronic Health Records (EHR) System

Tech: Java, Spring Boot, Microservices, Hibernate, REST APIs, React.js, Angular, TypeScript, MySQL, AWS, Jenkins, JIRA

- Developed a cloud-enabled, HIPAA-compliant EHR platform for DaVita Healthcare covering patient management, clinical workflows, and secure medical record handling.
- Built **secure REST APIs** for patient registration, appointment scheduling, and laboratory integration.

- Delivered interactive clinician and patient interfaces using **React.js, Angular, HTML5, CSS3, and TypeScript**.
- Worked with domain experts and QA engineers on unit and integration testing for reliability and compliance, deployed services on AWS using Git, Maven, and Jenkins.

KEY ACHIEVEMENTS

- **Winner, AIR 1 — Smart India Hackathon 2023:** built an **AI-powered E-Waste Management System**, selected as the top solution nationally among thousands of competing teams.
- **Built a full-stack College Alumni Management Portal**, officially adopted by Dr. VVP College of Engineering to manage alumni networking, records, and engagement.

EDUCATION

Bachelor of Engineering (B.E) E&TC

Savitribai Phule Pune University (SPPU) — Dr. VVP College of Engineering | First Class
